PROFILE

A passionate and adaptable Information Technology student in the third year at Cavite State University - Silang Campus. Equipped with a strong foundation in software development and multiple programming languages. Dedicated to continuous learning, especially in Python development, and known for being a fast learner, collaborative team member, and problem-solver. Enthusiastic about applying skills to real-world tech projects and growing within the tech industry.

OBJECTIVE

To obtain a challenging and growth-oriented position where I can leverage my programming proficiency and analytical mindset to solve real-world problems. I aspire to contribute meaningfully to a forward-thinking, collaborative team, while deepening my expertise in software development—particularly in Python and full-stack web technologies. Through continuous learning and innovation, I aim to make a measurable impact and evolve into a well-rounded and future-ready developer.
